**OIL ON WATER:  
PAINTINGS BY DANIELLE EUBANK**

Artist Danielle Eubank creates lush and ethereal waterscapes based on her journeys around the world to Indonesia, the Mediterranean, the North American West Coast and Africa. During her travels, Eubank seeks to capture the essence of light and water illustrating the emotional aspect of the natural world. In addition to her studio practice, Eubank has sailed on an expedition on the *Phoenicia*, a replica of a 600 B.C. Phoenician vessel through the Suez Canal, around Africa and back into the Mediterranean. Selected paintings from this voyage are on view in this exhibition open until March.
